dramatically modern

Lloyd Regal Capri

Regal Capri

modern upholstered metal furniture . . .

adaptable to the home, reception room,

hotel, motel, club or commercial establishment

- The pleasing modern design of Lloyd Regal Capri adapts itself admirably to a wide variety of home settings, is ideal for commercial and institutional facilities as well.
- Reversible cushions with FOAM RUBBER or COIL SPRINGS provide deep-down, lasting comfort.
- Sturdy tubular steel frames in rich Black or neutral Taupe high baked enamel finishes are accented with gold-toned metal ornamentation to give an air of modern elegance.
- There's a wide variety of appealing fabrics and textured plastic coverings to please practically every taste — to blend with any decor.
- Regal Capri patterns include lounge chairs, settees, and a selection of single and double sectional pieces that makes this line highly versatile. Sectional pieces may be arranged to fit practically any space desired. Matching occasional tables, and a desk, round out the Lloyd Regal Capri line to high degree of completeness.

Lloyd

These quality features make Regal Capri the finest metal

REVERSIBLE LOOSE CUSHIONS WITH COIL-SPRING OR FOAM RUBBER CONSTRUCTION

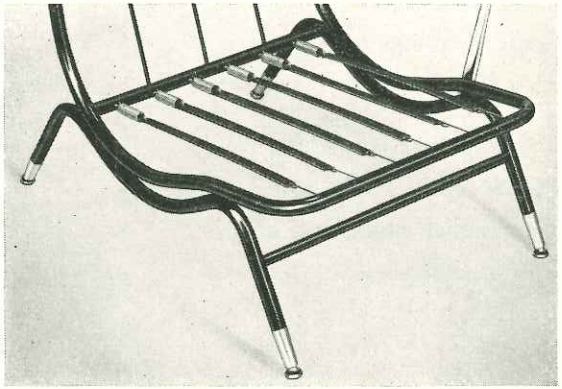
Regal Capri seat and back cushions give unequalled comfort with custom-quality, full coil-spring box construction or soft foam rubber. They are practical and convenient—quickly reversed or interchanged with cushions from other Regal Capri pieces. Arms are thoroughly padded and contoured for restful, relaxing support. Cushions come in a wide variety of patterns and colors—in soft fabrics and washable, long-wearing plastics.

SEATING PIECES WITH "WALL-SAVER" DESIGN

A special protective feature of Regal Capri is the "Wall-Saver" leg design. As illustrated at left, the legs extend beyond the back of the chair, thereby preventing damage to plaster and decoration caused by jamming chair against the wall. Note the attractively designed arm bracket made of polished, gold-colored tubular steel.

HELICAL SPRING AND STEEL SLAT SUPPORT CONSTRUCTION

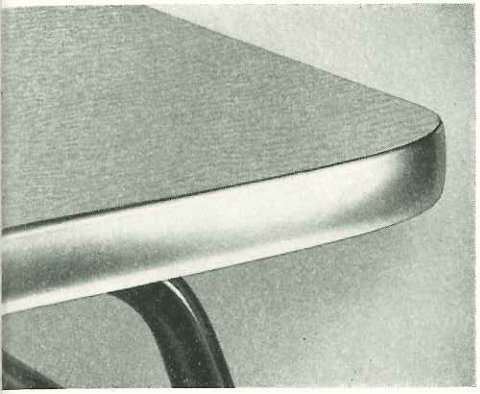
Regal Capri support construction imparts maximum comfort and support to back and seat cushions. Helical springs and steel slats with black cloth covering, locked into sturdy frame, are ruggedly built for years of service. Tubular steel filler rods, firmly set into the back of the frame, give ample support to back cushions.



RUBBER CUSHIONED SELF-LEVELING FLOOR GLIDES

All Regal Capri furniture is equipped with rubber cushioned floor glides to facilitate moving and reduce noise. Self-leveling device in glides permits furniture to rest solidly and safely on uneven floor surfaces. The glides and gracefully tapered leg ferrules are made of gold-colored metal.

furniture on the market!

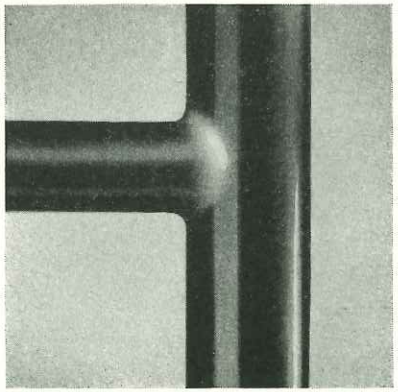


ANODIZED, EXTRUDED ALUMINUM EDGE BANDING

Tops and shelves of all occasional tables and desks are trimmed with a superior-quality edge banding — made of extruded convex shaped aluminum with an anodized gold finish. This assures the purchaser the banding will retain its original shape and color.

TUBULAR STEEL FRAMES WITH PERMANENTLY WELDED JOINTS

Frames in the Regal Capri furniture group are made of 1" tubular steel with joints solidly welded for extra ruggedness, rigidity, durability. Frame surfaces are specially treated to resist rusting and to assure a better finish. All frames are finished in Black or Taupe high-baked enamel.



OPEN ARM *Regal Capri*

Shown on pages 4 to 11, is the popular Lloyd Open Arm Regal Capri furniture, embodying all of the quality features shown on these two facing pages. The Tapered, tubular arm rest support has a bright, gold colored finish to match the leg ferrules and floor glides of the seating pieces. The arm rest itself is so shaped and padded as to achieve the utmost in style and comfort.

Like all Regal Capri, the open arm version is dramatically modern in both design and concept. A full range of versatile sectional pieces are available to gain numerous practical and serviceable arrangements in the home, business establishment and public rooms.

"REGAL CAPRI" OCCASIONAL TABLES

Lloyd Regal Capri

Here is a fine selection of good looking occasional table in various sizes and styles—all designed to go with the Regal Capri seating pieces, or with other furniture groups of a similar nature. The steel frames have solid, torch-welded joints for extra strength. The plastic surfaces are edged-banded with gold colored, anodized extruded aluminum, imparting a pleasing decorative treatment, as well as furnishing a practical and protective edge.

CT-9115 RECTANGULAR TOP COCKTAIL TABLE

Top Surface: . . . . . 24" x 42" x 15" high

ET-9116 STEP-END TABLE

Top Surface: . . . . . 18" x 15" x 22" high
Lower Surface: . . . . . 18" x 30" x 15" high

EASY-TO-CLEAN, HARD-TO-DAMAGE top surfaces are of high-pressure, laminated plastic. These surfaces are ideal for home, commercial or institutional use because of their high resistance to staining, alcohol, fruit acids, boiling water, scratches, scuffing, grease, ink or household chemicals. Cleaning is simply a matter of wiping with a damp cloth—dust and grime cannot penetrate the smooth glossy surface.

Not visible, but nevertheless an important quality construction feature is the use of 7-ply plywood core stock to which the laminated plastic top surface is bonded. This type of construction assures a flat, non-warping surface, and furthermore, the fastenings used to attach the tops to the table frames are far more securely held in the plywood core than in cores of inferior quality.

Plastic top surfaces available in choice of AMERICAN WALNUT or WHITE MAHOGANY.

CT-9117 ROUND TOP COCKTAIL TABLE

Top Surface: . . . . . 36" diameter x 15" high

CT-9118 CORNER TABLE

Triangular Top Surface: . . 28" x 28" x 22" high
Lower Surface: . . . . . 30" x 30" x 15" high

CT-9119 SQUARE TOP COCKTAIL TABLE
